PROFILE

- Extremely motivated, with an outgoing, and positive personality
- Providing innovative ideas and creative solutions within a team setting
- Self-starter with a keen approach to learning
- Adaptable and able to pick up new technologies/ techniques rapidly

GROWING SKILLS

- Client-side MVC frameworks (Angular.js)
- Node.js
- PHP
- Photoshop/ Illustrator

OBJECTIVE

I am a highly ambitious and analytical junior full stack developer, seeking an opportunity to utilize my strong creativity and problem solving skills. I have a very strong understanding of core front-end technologies, in addition to solid knowledge in Ruby on Rails. I am actively seeking an entry-level position, and if given the opportunity, I am confident that I will be a great asset to the team.

TECHNICAL SKILLS

As a passionate full stack developer, I am constantly keeping up with the latest tech trends, while getting my feet wet with new technologies and frameworks. Currently, I am in the process of exploring Angular.js and Node.js.
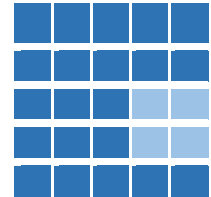

Skill	Level		Skill	Level
Ruby on Rails	▪▪▪▪▫		SASS	▪▪▪▪▪
HTML5	▪▪▪▪▪		HAML	▪▪▪▪▪
CSS3	▪▪▪▪▪		TDD/ BDD	▪▪▪▫▫
JavaScript	▪▪▪▪▫		SQL, PostareSQL	▪▪▪▫▫
JQuery	▪▪▪▪▫		Bootstrap	▪▪▪▪▪

RELATED EXPERIENCE

Rate n' Eat (In Progress)
The main purpose of Rate n' Eat is to introduce a new advertising technique to restaurant owners, while gaining more exposure, and generating authentic reviews.

Campus Grabs (Actively adding new features)
http://campus-grabs.herokuapp.com
- Built the front-end from scratch with HTML, CSS, and JS.
- Incorporate HAML, SASS, and Compass to refactor front-end; eliminate redundancy.
- Built the back-end from scratch with Ruby on Rails, and SQLite/ PostgreSQL.

Breakout
Polling App designed for Bitmaker Labs
- Built the mock-up of the frontend design within a team setting.
- Helped build the front-end from scratch with HTML, CSS, JS, and jQuery.

Tic Tac Toe Computer AI
http://tt-toe.herokuapp.com
- Built the front-end from scratch with HAML, CSS, and JS.
- Created the Computer AI with JS.
- Refactored Computer AI to make more intelligent moves.
